Experience

Brevity Solutions | Sr. Web & UI/UX Designer

Nov 2021 - Present

- Redesigned the company website by identifying usability gaps and implementing modern UI patterns, resulting in a 30% increase in user engagement and 20% reduction in bounce rate
- Conducted user research and applied user-centered design principles to improve workflows, leading to a 25% increase in user satisfaction and 40% boost in customer retention
- Led a cross-functional team (developers, PMs, stakeholders) to design and launch a mobile application, achieving a 50% increase in downloads within 6 months
- Collaborated closely with developers to ensure pixel-perfect implementation and design consistency across platforms

Sufalam Technologies | Sr. UI/UX Designer

Feb 2019 - Nov 2021

- Designed and developed responsive websites using HTML5, CSS3, and Bootstrap, improving cross-device usability.
- Created UI layouts, visual assets, and marketing creatives using Figma
- Worked with developers and stakeholders to translate business requirements into functional UI designs.
- Improved website performance and user experience through iterative design enhancements.
